

# CIO Executive Roundtables

CIO magazine presents the CIO Executive Roundtables, a forum for discussion and dialogue on topics that impact you and your business. Connect face-to-face with your peers and industry experts on the challenges you face and the solutions you need. Whether your interest is BI, SOA or open source, there's a roundtable for you.

For a Roundtable discussion near you, check the schedule below. New cities and topics are being added regularly so please check back frequently for updates. If you would like to be contacted when a roundtable comes to your area, please send an email to [CIOevents@v-causeway.com](mailto:CIOevents@v-causeway.com).
